My friends and I had a gathering a few days ago. We went to a decent French restaurant.

They had the best French food in town. The food tasted extra good because I was starving.

The main dish was very tasty. The beef and chicken in the dish were so juicy and tender.

I really liked the sauce and the seasoning on the food as well. We also ordered some side dishes.

I remember having a family gathering at home. We invited some relatives over for lunch.

We cooked some food for the gathering, but we also ordered in some food from a delivery restaurant. I helped set up the table before we ate. The food tasted extra good because I was starving. After the gathering, I helped clean up. There were some leftovers, so I put them in the fridge. I also cleaned the table and did the dishes. And then, I started to clean my home. I opened all the windows to refresh the air. I also vacuumed and mopped the floors and dusted the furniture. Plus, I took out the trash and the recycling.
